

**Join our powerful circle of supporters
dedicated to ending domestic violence
with an annual donation of \$1,000 or higher**

PADV envisions a metro Atlanta free of domestic violence. We have a long way to go, but PADV knows how to get there. Ending domestic violence requires a coordinated community response, emergency shelter and support for battered women and their children, women's empowerment, children's healing, youth education on healthy relationships and respect. And we need good men and women to stand up against domestic violence. We invite you to join the Partners Circle and make an investment in PADV. Help us achieve our vision.
